“The No-Code AR Platform customized for your Business needs”

ARTEKK

At ARTekk, we redefine what's possible with Augmented Reality (AR). Explore immersive experiences, engage your audience, and unlock new dimensions of creativity with our cutting-edge AI powered solutions.

Problem

ARTEKK IS SOLVING THE PROBLEM OF ENHANCING CUSTOMER ENGAGEMENT AND PRODUCT PRESENTATION BY PROVIDING A PLATFORM FOR CREATING, VIEWING, AND INTEGRATING AUGMENTED REALITY (AR) MODELS FOR VARIOUS APPLICATIONS. THE PLATFORM AIMS TO REVOLUTIONIZE THE WAY CUSTOMERS INTERACT WITH PRODUCTS, SERVICES, AND EXPERIENCES BY OFFERING IMMERSIVE, INTERACTIVE, AND VISUALLY STUNNING EXPERIENCES.

‘ARTEKK’.

Problem

WHY SHOULD YOU CARE?

The 21st Century is the age of tech revolution and businesses are not deprived of it! It's important to understand how to make product presentation and customer engagement more engaging, interactive, and efficient, while also providing a competitive edge for businesses.

Problem

THE PROBLEM IN NUMBERS

An AR Integration with each of your products can
hugely impact Efficiency, Productivity, Visibility, Reach
& Business Management as an immediate solution to
problems and errors.

30%

Reduction in Returns

200%

Customer Engagement

20%

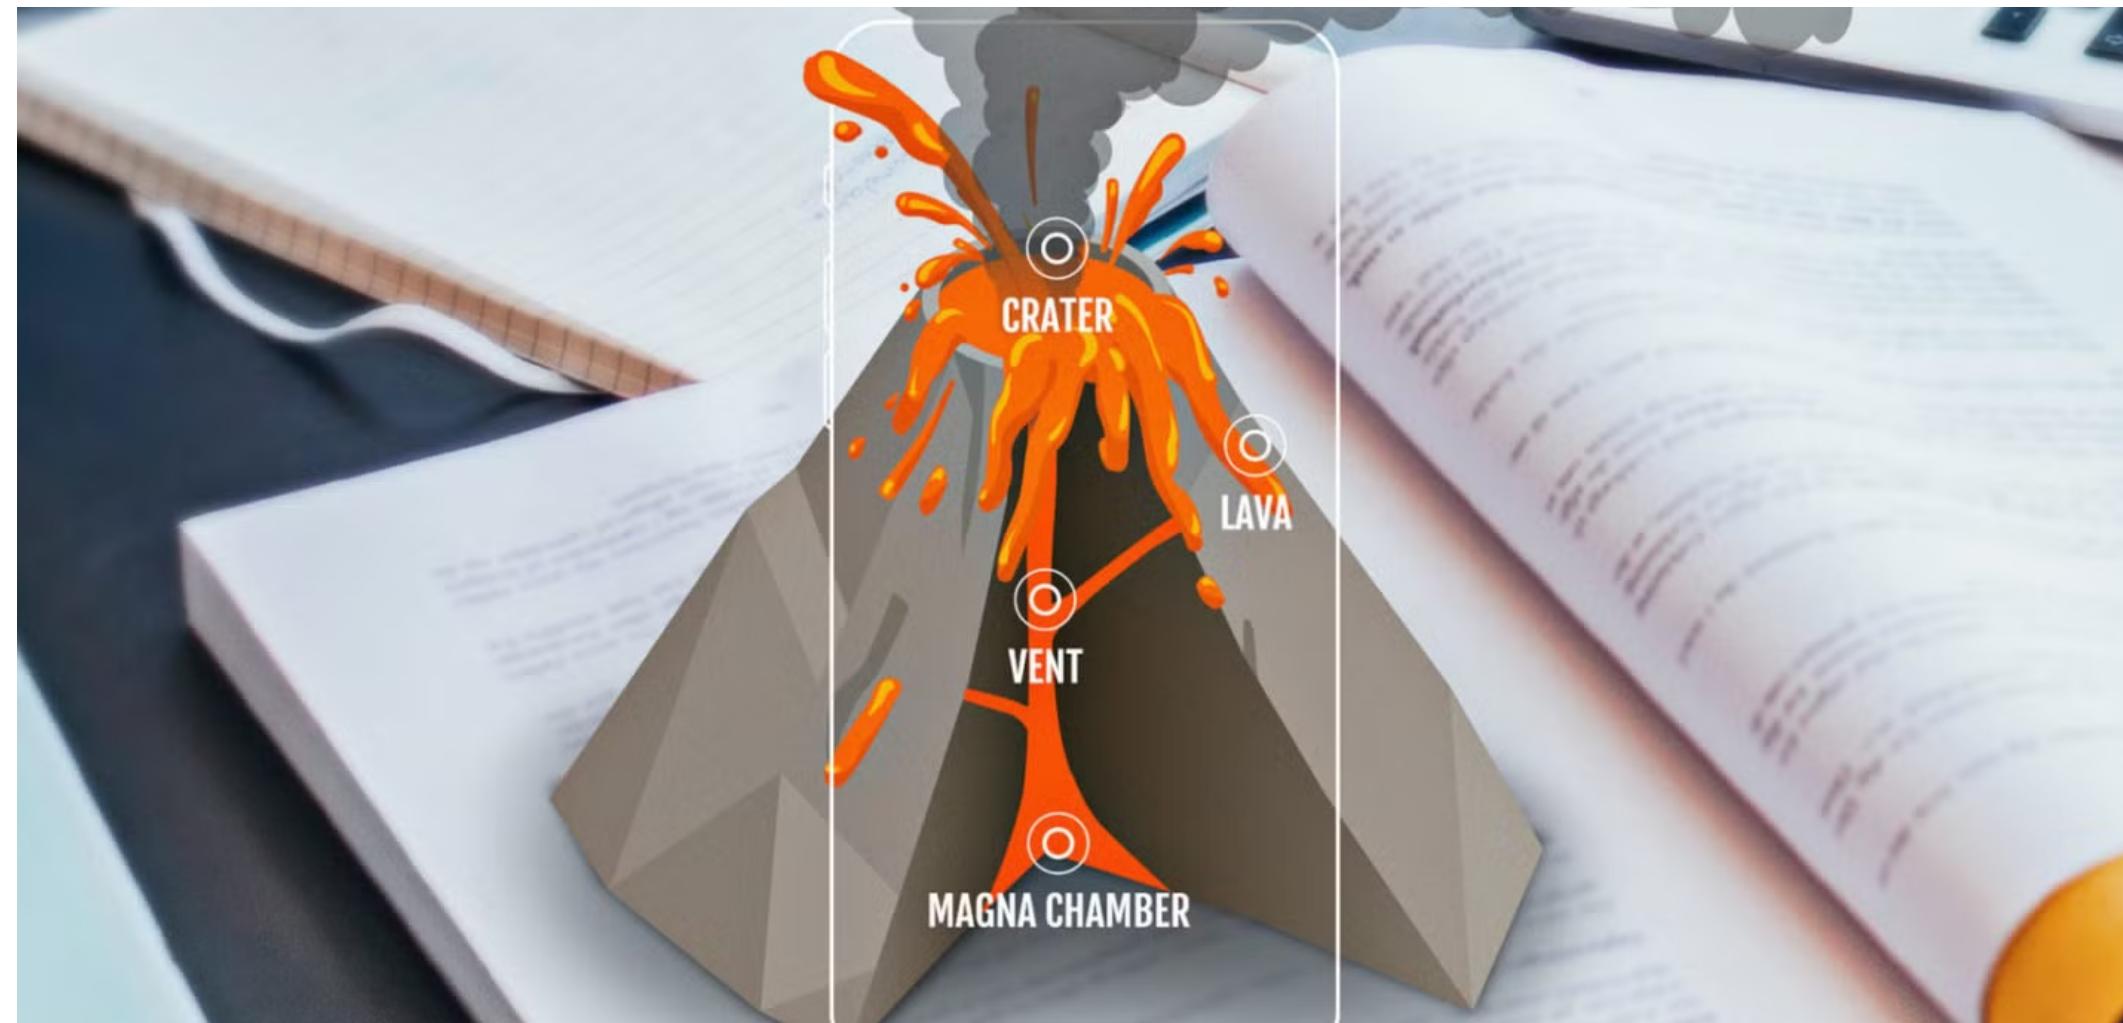

Increase in Online Sales

Solution

THE SOLUTION IS ‘ARTEKK’

**ARTEKK IS AN INNOVATIVE B2B AUGMENTED REALITY (AR) SOLUTION THAT ENHANCES
CUSTOMER ENGAGEMENT AND DRIVES SALES THROUGH REAL-TIME VIRTUAL TRY-ONS.**

General Analysis

AUGMENTED REALITY R&D: 2023-2024

1. **Enhanced Customer Engagement:** Immersive virtual try-ons replicate the in-store experience, allowing customers to visualize products in real time and make confident decisions.
2. **Reduced Return Rates:** Accurate product visualizations minimize uncertainty about fit and appearance, leading to fewer returns.
3. **Streamlined Inventory Management:** By reducing the need for physical stock and samples, Artek helps businesses present products dynamically online, saving time and resources.

Solution

ENHANCED CUSTOMER ENGAGEMENT

Artekk boosts customer engagement by offering immersive virtual try-ons through Augmented Reality (AR). This technology allows customers to visualize products in real-time, replicating the in-store experience online. This increased interaction leads to higher customer satisfaction and conversion rates.

Solution

BOOST SALES

Artekk offers a B2B AR solution for real-time virtual try-ons that effectively boosts sales for businesses by enhancing customer engagement and reducing returns.

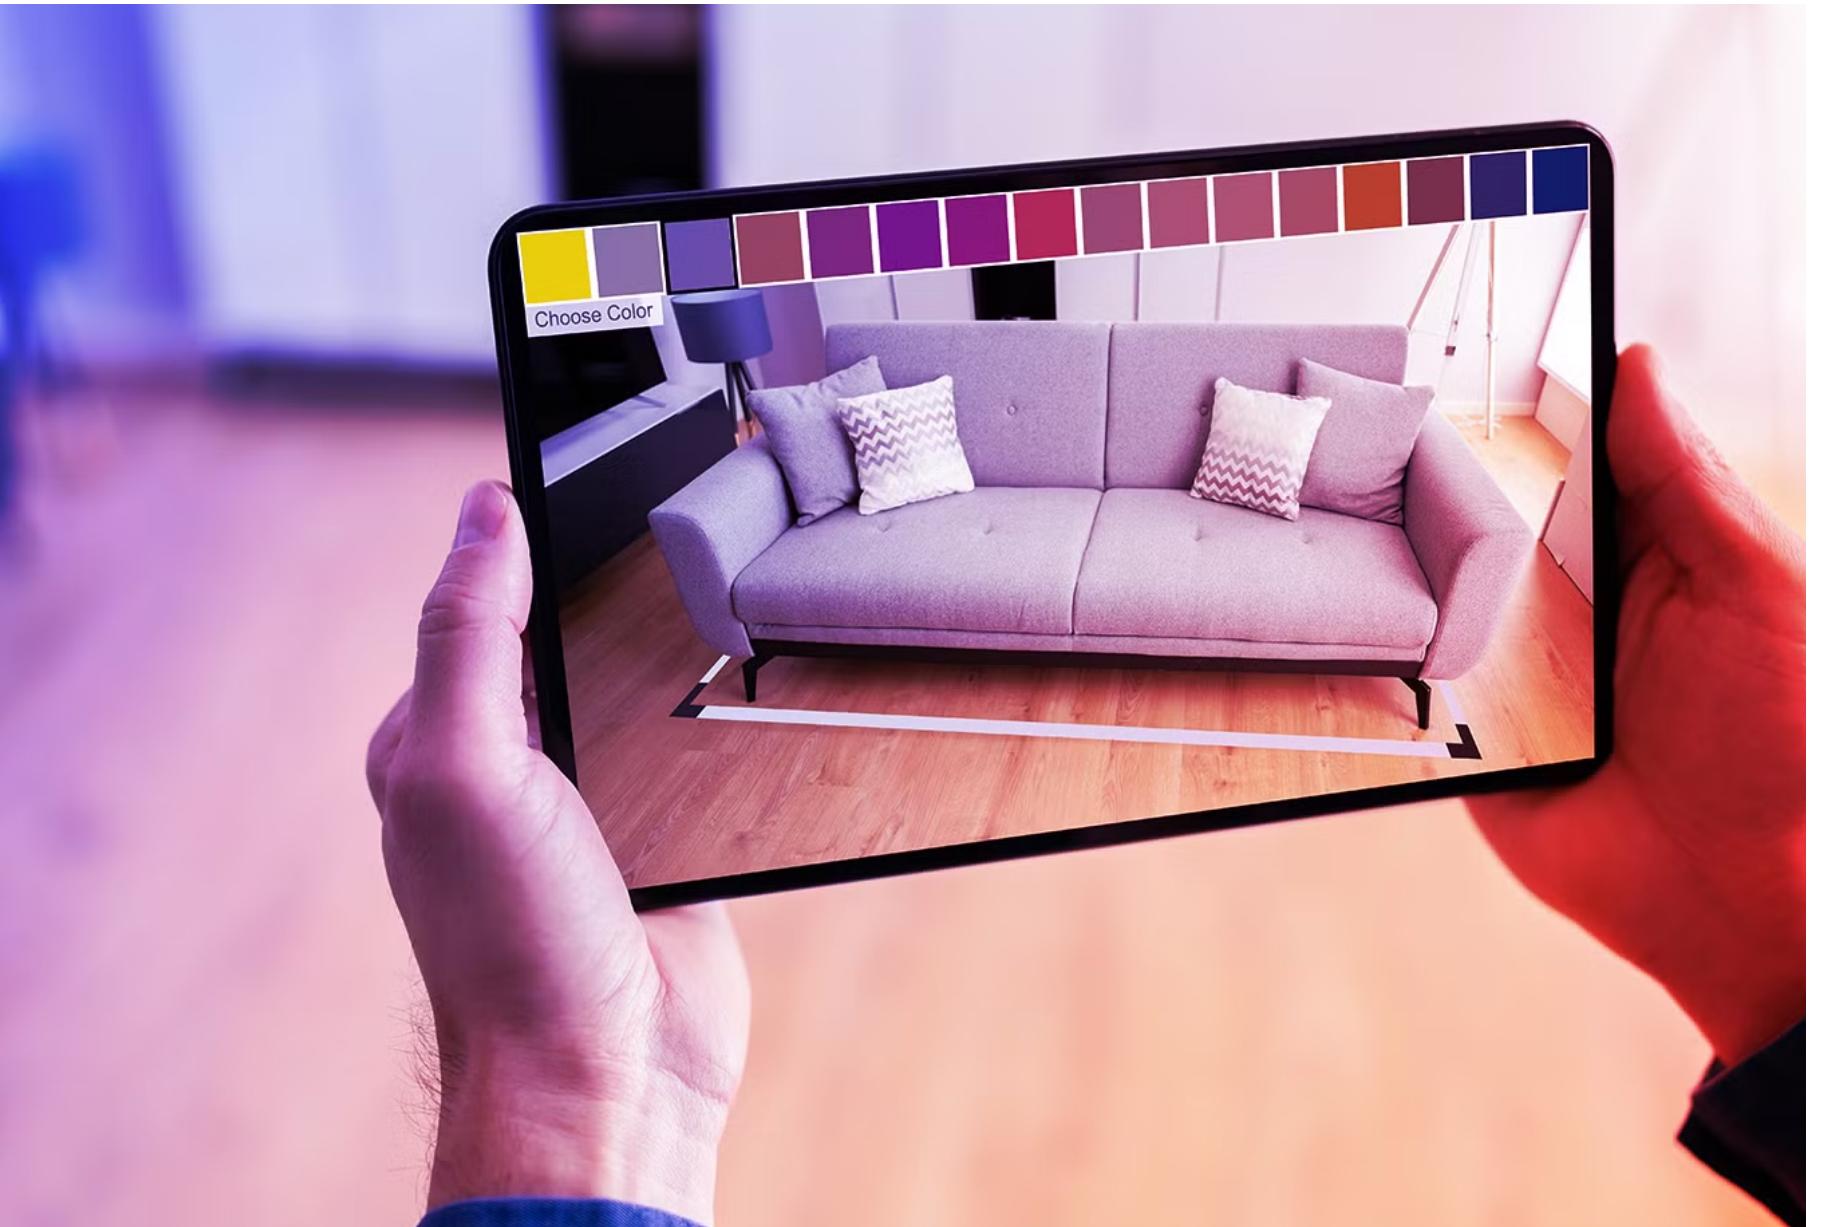

Solution

REDUCED RETURN RATES

Artekk helps reduce return rates by providing accurate AR visualizations of products.

Customers can see how items will look and fit before purchasing, minimizing uncertainty and aligning expectations, which ultimately leads to fewer returns and increased satisfaction.

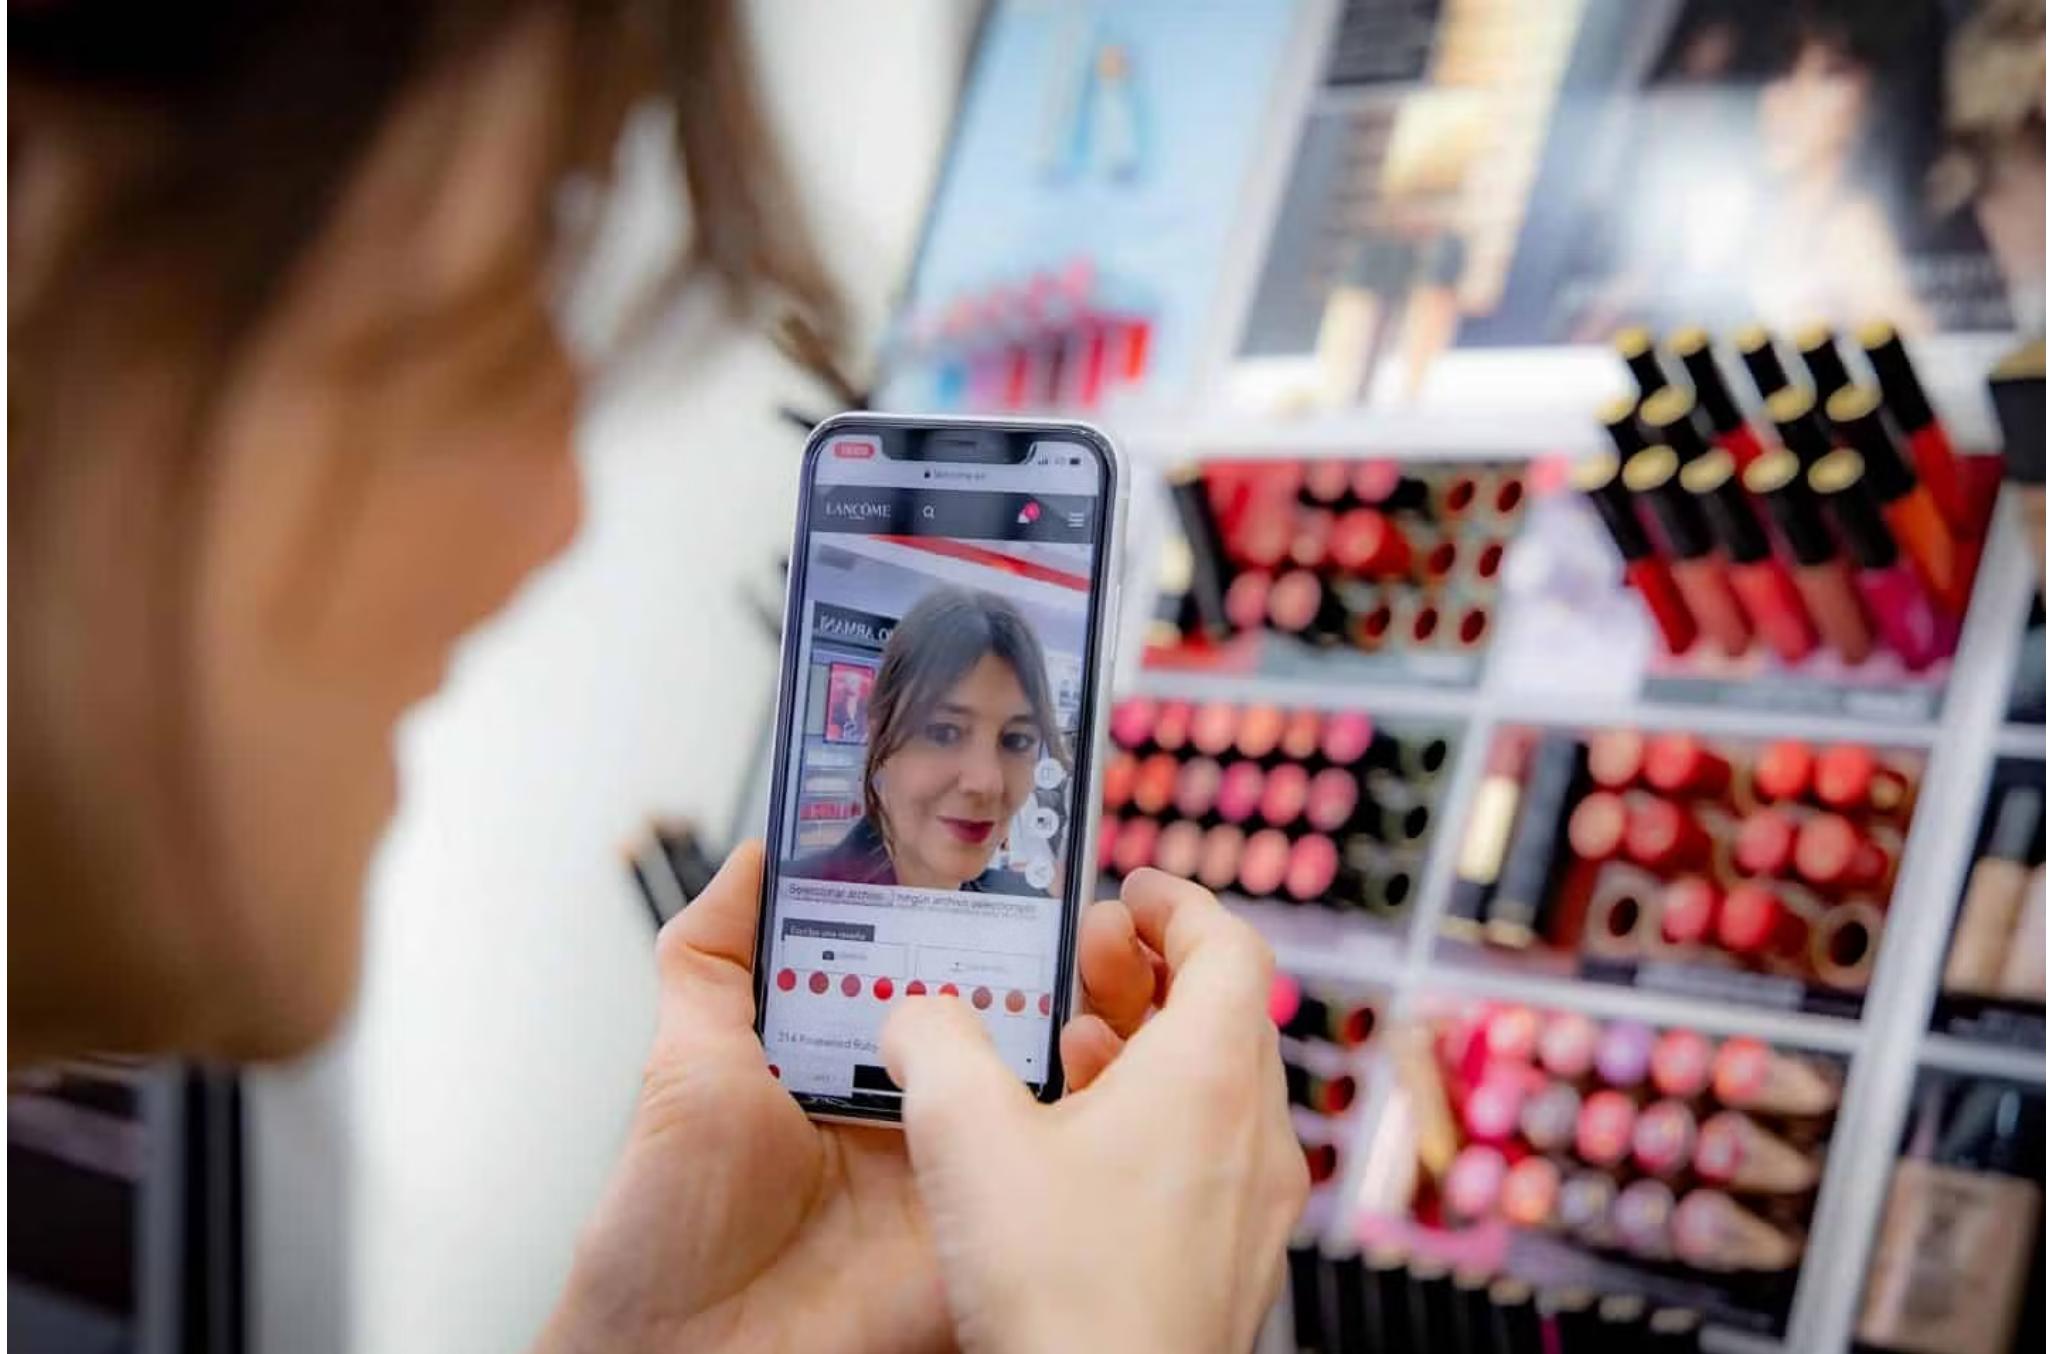

Solution

STREAMLINED INVENTORY MANAGEMENT

Artekk streamlines inventory management by reducing the need for physical stock and samples. Businesses can dynamically showcase their entire catalog online, saving time and resources while ensuring a consistent, high-quality presentation that enhances the customer experience.

Solution

SPEED UP DECISION- MAKING

Without being able to physically see or try products, customers hesitate; AR speeds up the decision process by showing products in real-world environments.

Solution

PRODUCT DIFFERENTIATORS

Distinguishing Feature #1

Customised White label
Solution

Value Proposition #2

Designed after an In-Depth
Research from Industry Veterans.

Cutting Edge Technology #3

Usage latest Algorithms and
Technology in coherence with Google,
Apple and Microsoft.
